**Sub: Deputing faculty for training programs of NITTTR, Bhopal.**

Sir/Madam,

NITTTR Bhopal offers a diverse array of training programmes for faculty of Technical Educational Institutions, covering a broad range of subject areas, including induction training and core teaching skills for newly recruited teachers, as well as in emerging fields such as AI, ML, IOT, Drone Technology, AR and VR, etc.

The training programme calendar 2026-27 containing details of programmes, general guidelines for participants, registration details and other relevant information can be accessed at the following link, which may be shared with your faculty

<https://nitttrbpl.ac.in/files/calendar2627.pdf>

The training programme calendar 2026-27 can also be uploaded on the Institution website, for wider circulation.

It is imperative that all teaching faculty are enable to be updated with the latest knowledge, skills and competencies in their subject and related areas, to become empowered educators contributing to nation building, through transformative education.

It is recommended that all faculty may be encouraged, motivated, and facilitated to register for, and attend atleast one training programme every term, ensuring that no ongoing academic activities are hampered.

Yours faithfully,

(Bhushan K. Savaikar)  
Director of Technical Education
